This exploded view diagram illustrates the assembly of the fuel system. The main components are labeled as follows:

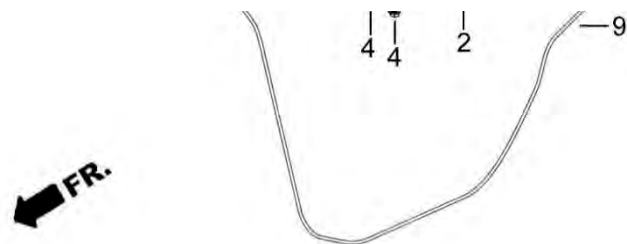

- Fuel Tank (1)**: The central component, shown with its top cover and various mounting points.
- Fuel Filter (3)**: Located between the tank and the pump.
- Fuel Pump (12)**: A cylindrical component mounted on a bracket (13).
- Hoses and Connectors**: Various hoses (14, 8, 11) and connectors (9, 10, 17) are shown connecting the different parts.
- Other Components**: Includes a fuel nozzle (6), a fuel line (15), and various fasteners like screws (2, 4, 5) and washers (16).

The diagram also includes a reference arrow pointing left, labeled "FR.", indicating the front of the vehicle.
